

We are growing and looking to add an RN 20+ hours a week for our agency. Could be FT. Experience working with SPMI population a plus.

Our RN works collaboratively with the treatment team to provide client assessments, administer, and manage medications, provide patient education, prepare medical records and provided medical insights following regulations and protocols regulating the profession.

Duties include:

- Planning and managing patient care according to each patient's needs
- Interviewing patients and recording their medical history
- Obtaining patient vital signs
- Administering injections of medications
- Provision of group education regarding medical conditions
- Observing and documenting patients' conditions and reactions to medications and treatments in EMR

Experience/Educational Requirements:

Education: RN applicable training and/or education

Experience (preferred): Three (3) years of experience related to the above describe duties.

Licensure: Must be licensed as a Licensed Practical Nurse or Register Nurse by the NYS Board of Nursing.

Hours; scheduled to be determined during the hours 9-5, Monday through Friday unless clients' needs dictate otherwise.

No nights, weekends or holidays

Job Type: Part-time 20+ hours a week
